We stay there for you

19.03.2020 10:26

Dear customers,

we sincerely hope that you are all well.

The current situation is very difficult and everyone is doing their best to prevent the corona virus from taking up more space in our country and in our economy.

To keep the business going, we will be available for you from Monday, March 23, 2020 in two shifts until evening.

We keep all personal contacts in the office (and in private life) to a minimum, so we have decided to split our team into two groups.

We hope that these measures will help slow the spread of the virus and that we can keep our business running for you as long as possible.

We wish you a lot of strength to endure and master this difficult situation.

Stay safe and take care.

Greetings from Hemer

Your quada-team
